

The International Plant Propagator's Society, Southern Region of North America, invites you to become a sponsor for our annual meeting October 16-20, 2022. This exciting event will be in Athens, GA, at the University of Georgia Center for Continuing Education. Event sponsorships help manage the cost and assist financially in providing members opportunities to receive the best educational programs and tours available in the plant production industry.

The mission of IPPS and its members is to:

- share knowledge, information, and skills;
- provide guidance and support for lifelong career achievements;
- increase recognition of the profession;
- maximize the integration of research, education, horticultural and product knowledge.

The motto of IPPS is "To Seek and To Share" plant production knowledge globally. In that spirit, we endeavor to engage allied nursery-related businesses which serve our membership as part of our annual event. Sponsorship offers a unique opportunity to connect with horticulture industry professionals, from growers and nursery managers to business owners, students, and faculty at universities.

Your sponsorship will help ensure the success of our annual IPPS-SR event. Enclosed, please find more information on the event and its sponsorship levels. Please do not hesitate to contact us with any questions or concerns.

Thank you for your support! We look forward to your participation with us in this significant horticultural event in the southern region as we "seek and share" together.

Sincerely,

IPPS-SR Sponsorship Program Chairman

2022 Local Site Chair

Please complete the attached sponsorship form and include with your donation.
