

The International Plant Propagator's Society, Southern Region of North America, invites you to become a sponsor for our annual meeting this fall. This exciting event will be held on October 28-31, 2017 in Dallas, TX at the Omni Hotel - Park West. Program and event sponsorships help manage our cost and assist financially in providing our members opportunities to receive the best educational programs and tours available in the plant industry today.

The mission of IPPS and its members is:

- to share knowledge, information and skills;
- to provide guidance and support for lifelong career achievements;
- to increase recognition of the profession; and
- to maximize the integration of research, education, horticultural and product knowledge.

Your sponsorship will help assure the success of the annual IPPS event. Enclosed please find more information on the event and its sponsorship levels. Please do not hesitate to contact me with any questions or concerns. A member of our event planning committee will contact you in the near future for a more in depth discussion. I look forward to your participation with us in this significant horticultural event in the Southern region.

Sincerely,

Elliott Halllum  
IPPS Southern Region Sponsorship Program Chairman
